

# 2022 PIT-BULL VX<sup>®</sup>

## ESPECIAL EDITION

**LEVEL A9**

AGAINST 7.62 x 39mm AP, 5.56 x 45mm AP, 7.62 x 51mm AP

## GLASS

- 40mm thick (A9/B6+ armor level)
- Anti-spall shield layer
- Multi-hit protection

## DOORS

- Four (4) side doors
- Single rear door is 43 inches wide
- Ballistic steel door pillars
- Custom heavy-duty door hinges
- Exterior paddle style handles for rapid entry
- Grab handles on interior/exterior of all doors
- 4-point manual deadbolt locking system

## ELECTRICAL & LIGHTING

- All wires are loomed and clearly marked
- 3 switched red & white dome lights
- 2 roof mounted GoLights with toggle
- P.A. / multi-siren system
- Red and blue strobe lights on all sides
- Equipment & accessories control console

## SEATING (Choice of Bench or Blast)

- OEM Driver & Passenger seats
- OEM 3-point seat belts (driver/passenger)
- Rear bench seating and 2 point seatbelts
- 2 bench seats lift up for additional storage
- 2 jump seats behind driver and passenger
- Total seating for ten (10) personnel

## CLIMATE CONTROL

- Front cab utilizes OEM climate controls
- Rear independent high output A/C system
- Smoke extraction/ventilation fans

## WHEELS & TIRES

- Rims: 20"x11" forged aluminum
- Tires: Michelin XZL 335/80R20 tubeless
- Run-flats installed on all wheels

## STANDARD FEATURES & ACCESSORIES

- First aid kit and fire extinguisher in front
- Rear pintle hook installed below foot rail
- Ballistic fuel tank armoring
- Lockable fuel door
- Reinforced door pillars and posts
- Tailpipe protection
- Suspension components are reinforced
- Manual shift 4-wheel drive

## INTERIOR FEATURES

- Insulated dual-wall construction
- Rubber floor in front cab compartment
- Anti slip heavy duty textured rear floor

## EXTERIOR FEATURES

- Front RAM bumper mounted to frame
- Grab handles and 12" wide foot rails
- Dual door roof escape hatches
- Roof Hatch (turret is an option)

4

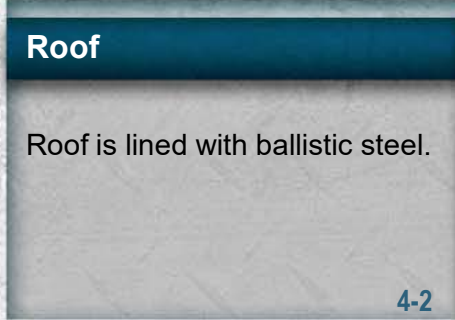

"no one protects you better."

### Firewall

Ballistic steel firewall provides protection up front.

4-1

### Roof

Roof is lined with ballistic steel.

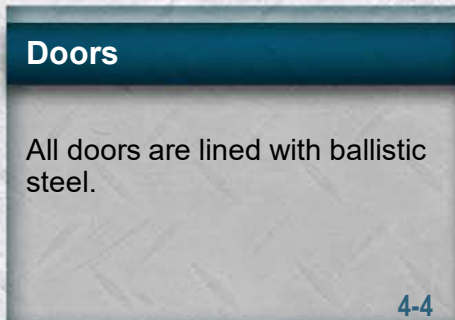

4-2

### Floor

Entire floor is lined with ballistic steel.

4-3

### Doors

All doors are lined with ballistic steel.

4-4

### Frames-Windows

All window frames are designed in a modular way for better protection and ease of replacement for maintenance.

4-5

### Heavy-Duty Hinges

Custom hinges that will withstand the weight of the armored doors.

4-6

### Engine Bay Protection

All body panels that surround the engine bay are constructed out of ballistic steel.

4-7

### Wheel Wells

Front and rear wheel wells are lined with ballistic steel.

4-8

ALPINE ARMORING INC.

5

"no one protects you better."

### Frame Construction

Along with the body panels, the frame is constructed out of ballistic steel.

5-1

### 4-Point Locking Mechanism

All five (5) doors feature a heavy-duty locking mechanism that can only be unlocked from inside.

5-2

### Radiator Protection

A ballistic steel shroud is installed in front of the radiator.

5-3

### Fuel Tank Protection

Fuel tank is fully protected and is encased in ballistic steel.

5-4

### Armored Turret

Rotable armored turret with armored hatch. This device is not normally offered in a standard package. **(OPTIONAL -additional cost required.)**

5-5

### Escape Hatches

Two rear escape hatches are built into the rear section of the roof (up to three). **(OPTIONAL -additional cost required.)**

5-6

### Rear Door

Featuring a single rear door that swings for a wide opening, constructed out of ballistic steel.

5-7

### Heavy-Duty Bumper

Customized design, Installed directly to the frame. Can be used as a ramming device. Made from ballistic steel.

5-8

ALPINE ARMORING INC.

### Glass Thickness

Minimum 40 (to max 42) mm thick Certified NIJ Tested glass/polycarbonate composite transparent armor.

6-1

This image is property of Alpine Armoring

### Anti-Spall Layer

Inner-most anti-spall layer prevents glass and bullet fragments from penetrating into passenger cabin area.

6-3

This image is property of Alpine Armoring

### Multi-Hit Protection

All windows are capable of sustaining multiple hits while providing protection to passengers.

6-5

This image is property of Alpine Armoring

### Anchored Windows

All windows are anchored for additional protection from explosions.

6-7

ALPINE ARMORING INC.

7  
"no one protects you better."

### Control Console

Features controls for high intensity lights, strobes, cabin fans. P.A./multi-siren system and more switches, mounted at the back of the panel.

8-1

### Strobe Lights

Pairs of red & blue strobe lights are mounted to each of the four sides of the vehicle. Total of 8 (4 red + 4 blue) lights.

8-5

### P.A./Multi-Siren System

Located on the center console. The multi-siren features standard siren tones, volume adjustment, and a public address system.

8-2

### High Intensity Lights

A set of two (2) GoLights are installed on the front of the roof. Control switches are located on the center console in the front cabin.

8-6

### Suspension Upgrades

All springs and shocks are replaced with upgraded versions to accommodate the weight of armoring.

8-3

### Rear A/C System

Fully independent high BTU hot/cold air A/C system is installed in the rear cabin.

8-7

### Heavy-Duty Bull Bar

Installed directly to the frame. Constructed out of ballistic steel.

8-4

### Lockable Fuel Doors

Seals your gas tank to OE specs and resistant to gasoline and other hazardous chemicals.

8-8

ALPINE ARMORING INC.

no one protects you better.

### Exterior Running Boards

Running boards are built in on both sides of the vehicle.

9-1

### Extended Running Boards

Rear extended running boards built for easier and faster crew deployment.

9-5

### Jump Seats

Located behind the driver and passenger seats. The seat bottoms are spring-loaded and retract automatically.

9-2

### Viewing Windows

A total of six (6) viewing windows are located in the rear cabin. There are two (2) on each side and two (2) on the rear door.

9-6

### Bench Seats (Standard)

This is the standard seat option. Each bench includes lap belts and gear storage underneath.

9-3

### Exterior Hand Rails

A variety of vertical and horizontal handle bars are built into the exterior of the vehicle.

9-7

### Manual Shift 4-Wheel Dr.

This is the optional manual shift 4-wheel drive.

9-4

### Gun Ports

A total of nine (9) gun ports are installed on the vehicle. Four (4) are on each and one (1) on the rear door.

9-8

ALPINE ARMORING INC.

no one protects you better.

### Military Wheels & Tires

Wheels are 20"x11" tactical and the tires are heavy-duty off-road rated. Tires are 335/80R20.

10-1

### Roof Hatch

A roof hatch can be built in and constructed out of ballistic steel. Hatch locks in place at 90 degrees.

10-2

### Hydraulic Jack

A heavy-duty jack is located in the rear cabin and is rated to handle more than the vehicle's total weight.

10-3

### Tool Kit & Extinguisher

A basic tire changing tool kit and fire extinguisher are mounted in the rear cabin.

10-4

### Battery Protection

Located under the floor panel next to the rear passenger side door. Protects both batteries in a ballistic steel box.

10-5

### Cabin Fan System
